PROFILE

Web Developer with over 2 years of experience specializing in PHP and Laravel. Skilled in developing user-friendly web applications and integrating scalable APIs. Adept at both frontend and backend development with a strong focus on optimizing performance and enhancing user experience."

WORK EXPERIENCE

- Codelounge | Core PHP Developer** **Nov 2023 - Present**
 - Frontend Development:** Excel in crafting visually appealing and user-friendly interfaces using cutting-edge technologies and design principle
 - API Development:** Architect robust and scalable API solutions to enable seamless communication between software systems, enhancing functionality and interoperability.
 - Testing and Debugging:** Meticulously handle testing and debugging tasks to ensure the smooth functioning and reliability of web applications through rigorous quality assurance practices.
 - Backend Development:** Spearhead the development of robust web applications using PHP, focusing on creating clean and efficient code for dynamic digital solutions.
 - Cross-Functional Collaboration:** Collaborate closely with cross-functional teams to translate client requirements into functional features, ensuring optimal performance and seamless user experiences.
- Hexasoft Technology | Web Developer** **Nov 2022 - Oct 2023**

At Hexasoft, I worked as a Frontend and Backend Core PHP Developer. My role involved collaborating with the team on API creation, backend development, and building visually appealing frontend interfaces. I was also responsible for debugging and ensuring seamless functionality and performance.
- Wolfpack Technology | Web Developer** **Jul 2022 - Oct 2022**

PHP Development Internship: Gained hands-on experience in PHP development, working with frameworks such as Laravel, and enhanced web development skills using HTML5, CSS3, MySQL, jQuery, and JS.
- Codded Web | SEO Specialist** **Aug 2021 - Jul 2022**
 - Digital Marketing:** Broadened understanding of digital marketing, including advertising, ad creation, ad campaigns, and SEO strategies.
 - This company sells educational exam dumps in the US market and provides SEO services for its clients' websites.**
